# SPECIFICATION SHEET

## Speed Ramps

### PRODUCT DESCRIPTION >

Our speed ramps are designed to control fast-travelling vehicles, which can cause danger to road users and pedestrians.

These highly visible speed bumps boast striking black and yellow colour strips, as well as highly reflective cats' eyes for effective night-time performance.

Easy to install, each section of the ramp uses heavy duty bolts to secure it to the road. The chequered grip design ensures that the ramp excels in wet conditions.

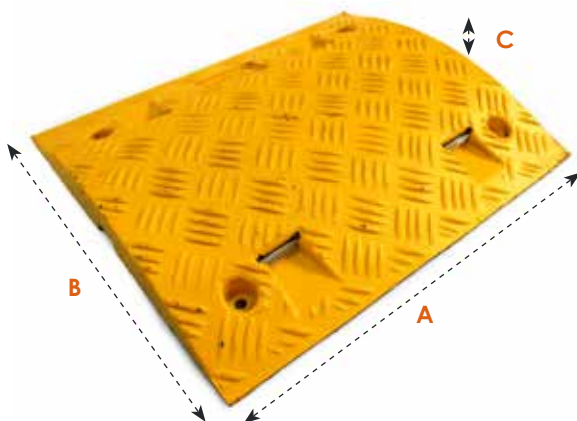

### SPEED RAMP SPEC >

Length	Width	Height
500mm	420mm	50mm
500mm	485mm	75mm

### KEY FEATURES >

- Easy to install traffic calming ramps
