

SPECIFICATION SHEET

Anti-Tamper Spanner

SPECIFICATION SHEET

Anti-Tamper Spanner

PRODUCT DESCRIPTION >

Our Anti Tamper spanner is an essential tool which has been specifically designed for use with our anti-tamper temporary fencing couplers.

The spanners specially shaped key is the only profile that will fit our anti-tamper couplers to allow operatives to tighten / loosen them and ultimately secure rows of temporary mesh fencing.

The opposite end of this handy tool features a standard scaffold spanner fixing, which is perfect for use on standard temporary fencing coupler nuts.

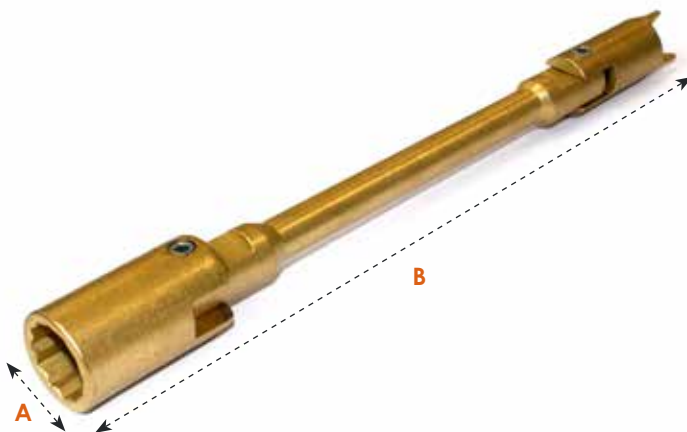

ANTI TAMPER SPANNER SPEC >
