### Site Safety Lamp Side Mount

# SPECIFICATION SHEET

## Site Safety Side Vertical Mount

### PRODUCT DESCRIPTION >

This vertically mounted lamp is the perfect solution where illumination is required on scaffolding and various other construction equipment due to its versatile mounting bracket.

Half the bracket is designed to be removed so it can also be screwed or bolted to a flat surface. The 360° Degree lenses provide maximum visibility for up to 1500 Hours, from just two standard AA batteries. Their durable design is able to withstand harsh environments, and all parts are made to be impact resistant.

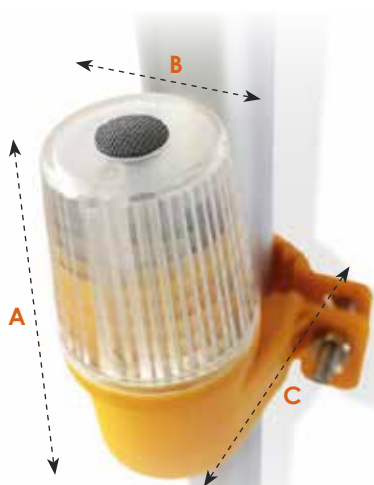

### LAMP SIDE MOUNT SPEC >

| Length | Width | Height | Weight |
|--------|-------|--------|--------|
| 120mm  | 65mm  | 155mm  | 3.5kg  |
